# Gamirasu Hotel

Found in the heart of Cappadocia, the Gamirasu Hotel is an intimate getaway, set in an exquisitely restored Byzantine Monastery. With a reputation as one of the finest hotels in the region, the focus at the Gamirasu is on exceptional service, attention to detail and truly unique experiences. The hotel effortlessly offers the warmth of a 'home away from home', but with a distinct twist; the Gamirasu is comprised of six beautifully renovated cave houses. The hotel offers 33 lavish rooms that remain in harmony with the natural surroundings whilst still providing all the comforts of a modern hotel.

Great care has been taken to seamlessly blend the splendid 12th Century church façades and the sweeping curves of the Cappadocian landscapes to preserve its traditional beauty, whilst still providing guests the modern conveniences they deserve. The sense of tranquillity and authentic village life around the Gamirasu is instantly soothing, with nothing to disturb you but the gentle sounds of bird song and the tempting aromas drifting across the warm air from the old Monastic kitchen. Breakfast at the hotel is a decadent affair – enjoy a meal of local and organically grown produce, such as freshly baked breads and fresh fruits.

A 7km hiking trail departs from the front door of the hotel and follows a beautiful brook that flows lazily through a verdant valley. Guests are routinely rendered speechless when they uncover such outstanding views; the Gamirasu is the most mesmerising of destinations.

# A STAY AT GAMIRASU

The cavernous rooms are magical and ethereal, inviting all that stay on a journey into another world. Each offering a unique experience, there are a wide range of standard, family, deluxe and superior rooms and suites on offer that merge traditional Turkish fittings with just a hint of the exotic. However, for those in need of a holiday steeped in luxury beyond compare, opt for an opulent King suite.

The newly designed Roman King Suite is a large and spacious option, accentuated by inviting, warm tones and sumptuous textiles. One of the largest cave rooms within the hotel, the Roman King Suite offers beautiful views of the rose garden from the private balcony, and such lavish detailing as a Jacuzzi Bath and traditional Roman pool. Curl up beside the fireplace and allow yourself to be drawn into the magnificence of a by-gone era.

Step into a dream and surround yourself in decadence; the recently opened Byzantine King Suite is dramatically lit in a rainbow of colours to create a space that will inspire and evoke romance. Situated next to the Byzantine cave

church, this accommodation option is the ideal choice for those who appreciate true beauty. Relax in the Jacuzzi or lounge on the comfortable king sized bed – the Byzantine King Suite is fit for royalty.

During their stay, guests have access to a range of modern facilities and amenities, designed to enhance their Gamirasu experience. Enjoy services such as free internet connection, large screen TVs and 24 hour room service and immerse yourself into a world of tranquillity and warmth.
